Boring & Milling Machine

Rotary Table and Tools Change

BONETTI
MACCHINE UTENSILI

AT 130

Technical Description:

| | |
|--|-----------------------|
| Column longitudinal travel (X axis) | 3.100mm |
| Headstock vertical travel (Y axis) | 3.000mm |
| Axial travel of spindle ram (Z axis) | 750mm |
| Boring spindle axial travel (W axis) | 1.600mm |
| Dimensions of boring spindle | 130mm |
| Tool type | ISO 50 |
| Spindel speed | 3.000 RPM |
| Spindel power | 37 KW |
| Tool magazine | 60 tools |
| Control System | Sinumerik 840D |
| Dimension of rotary table | 1.600X1.250mm |
| Accuracy in Positioning and Repetition | Highest level |
| Maximum workpiece weight | 20T |
